

Step #
1.1–1.2
1.3–1.4
1.4.A–1.4.D
1.4.E–1.4.H
1.4.I (Yes Path)
1.4.I (No Path)
1.4.J
Support

Task Name
Login automation (open system + credentials)
Dashboard navigation & WI3 iteration loop
Work Item details + PDF handling (open, download, extract)
Vendor search flow (navigate, enter Tax ID, search)
Vendor exists: add invoice details + update WI
Vendor not found: reject WI + send escalation email
Check for more WI3 items & close system
Cross-cutting support: exception handling, logging, testing, deployment, KT

Overall: Complexity = Medium- ~25 per sprint (48 overall with support)
Delivery Timeline = ~1 months (assuming steady team velocity & no blockers)
Team size: 6 developers (parallel work, but some dependencies)
